CONCEPT DESIGN PHASE - 19.08.24

THE ARCHITECTURE

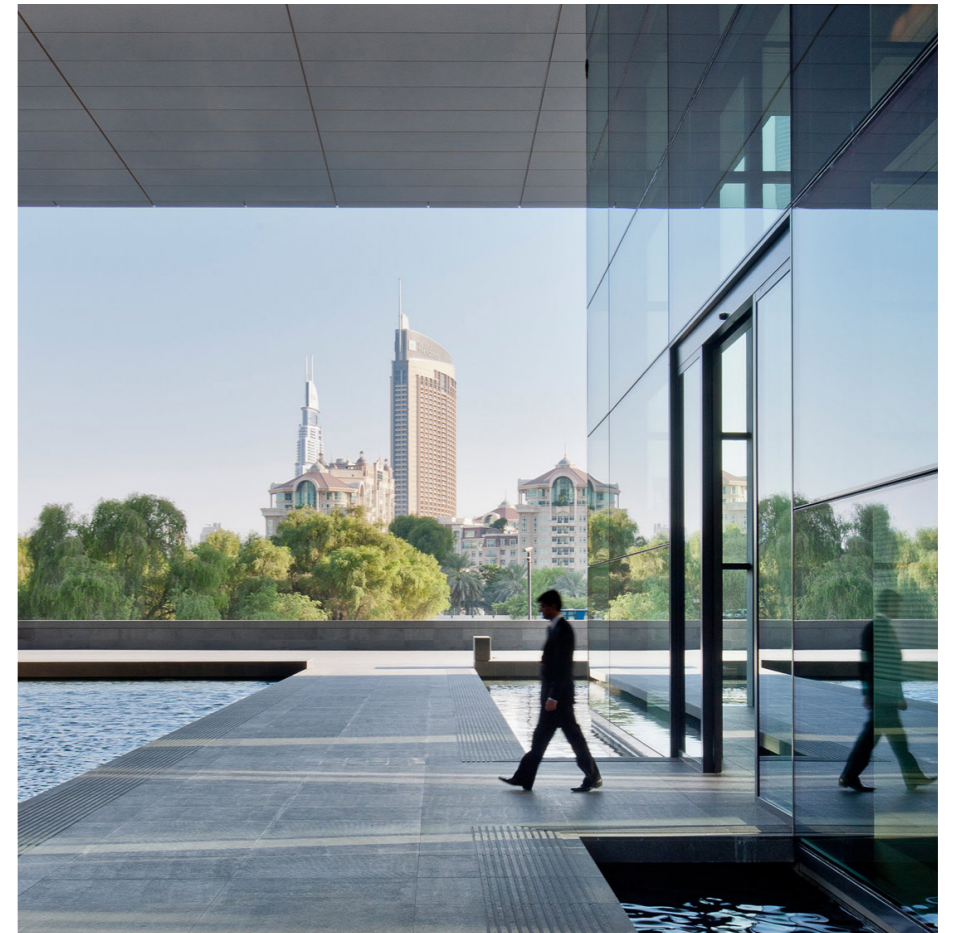

A statement within a dynamic Urban Fabric

The rhythm, a clear demonstration of the Urban fabric.

Erected in the middle of DIFC, a static statement in a busy context.

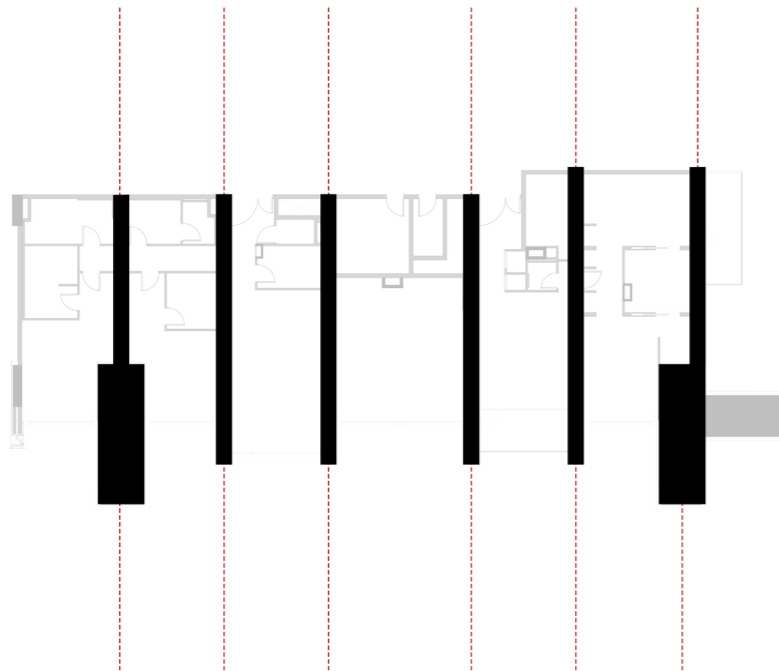

Human scale pathways ground the scale of the building to the user.

The facade's grid projected on the interior spaces, defining structural components.

Structural openings connect the different spaces

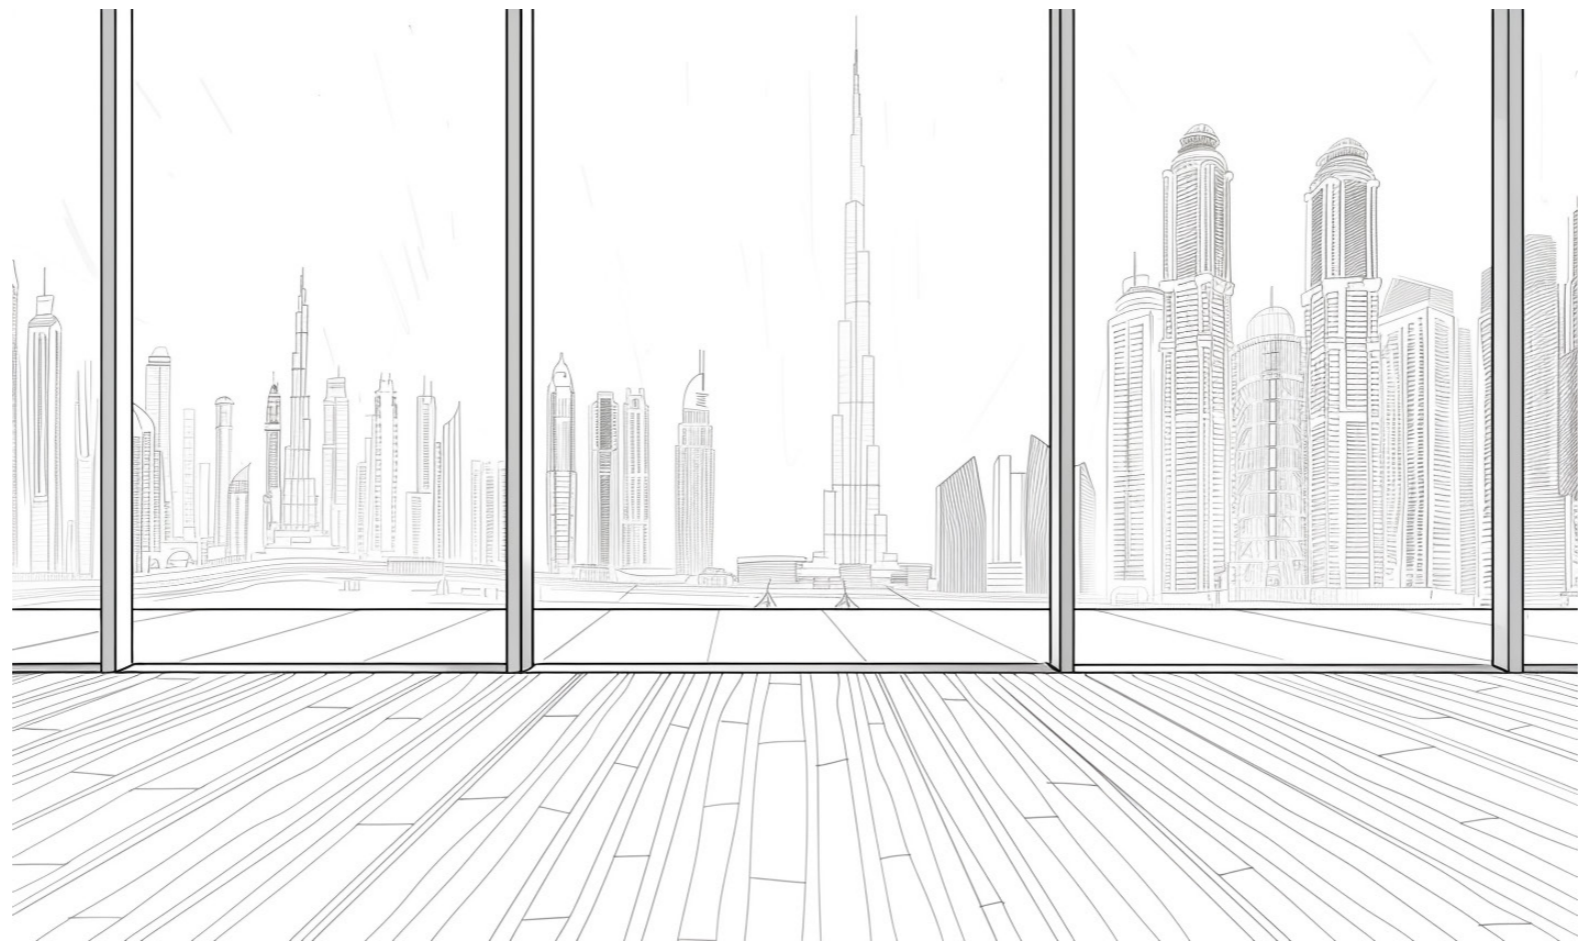

Highlighted walls curve, allowing for a dual fluid circulation in between the spaces: Main and Service.
